```
[Verse 1]
    Bm                      D A Bm                          D A Bm
The golden light above you    shows me where you're from
                          D      A   Bm              D A Bm
The magic in your eye bewitches all  you gaze upon
Bm                        D   A Bm               D A  Bm
You stand up on your hill they  bebop all around  you
                                    D
They wonder where you're from, oh yeah
A    Bm                   D A  Bm
They wonder where I found  you

[Chorus]
A                   E
 Oh, my love, it's a long way
Bm                        F#7        F#
  Where you're from it's a   long way

[Verse 2]
  Bm                      D A Bm                       D A Bm
I tried to understand you,    tried to love you right
                               D A    Bm                   D A Bm
The way you smile and touch me always sets my heart alight
     Bm                D A Bm                       D A Bm
Your lips are like a fi_re burning through my soul
                                 D
And people ask me where you're from
A    Bm               D A Bm
They really wanna know

[Chorus]
A                   E
 Oh, my soul, it's a long way
Bm                        F#
  Where you're from it's a  long way

[Interlude]
```

```
E      C#m
 Magic woman wrecking up my soul
C                       G
 Things you tell me have never been told
D             A
 Magic woman I don't know
 F#
Electric before me I love you so I love you so
Oh

[Verse 3]
       Bm                      D A Bm                    D A Bm
You're racing like a fireball    dancing like a ghost
                           D    A     Bm                 D A Bm
You're Gemini and I don't know which one I like the most
   Bm                      D
My head is getting broken and
A  Bm                   D A Bm
My mind is getting bust
                             D    A   Bm                 D A Bm
But now I'm coming with you down the road of golden dust

[Chorus]
A                    E
 Oh, my love, it's a long way
Bm                         F#7        Bm
  Where you're from it's a   long way

[Verse 4]
Bm                         D A Bm                          D A Bm
The golden light above you    shows me where you're from
                          D  A       Bm              D A Bm
The magic in your eye bewitches all  you gaze upon
    Bm                          D A Bm              D A  Bm
You stand up on your hill they    bebop all around  you
                                  D
They wonder where you're from, oh yeah
A    Bm                   D A  Bm
They wonder where I found  you

[Chorus]
