[Verse 1]
```
               Dsus2              E
Tell me do you think it'd be all right
           F#m7               E
If I could just crash here tonight
                 Dsus2              E
You can see I'm in     no shape for driving
               F#m7             E
And anyway I've got no place to go
               Dsus2              E
And you know it might not be that bad
             F#m7          E
You were the best I'd ever had
           Dsus2                  E
If I hadn't blown the whole thing years ago
  F#m7          E
I might not be alone
```

[Chorus]
```
               A                  Dsus2 E
Tomorrow we can drive around this town
           A              Dsus2
And let the cops chase us around
        E            F#m7                E
The past is gone but something might be found
           Dsus2
To take its place
```

F#m7 E        Dsus2           E
      You can trust me not to think
   F#m7              E
And    not to sleep around
           Dsus2            E
And If you don't expect too much from me
    F#m7             E
You might not be let down
                  Dsus2              E
Cause all I really want is to be with you
        F#m7          E
Feeling like I matter too
            Dsus2                 E
