G
I'm packed and I'm holding

[Verse 1]
D G
I'm smiling, she's living, she's golden
Cadd9
She lives for me, says she lives for me
G D G
Ovation, her own motivation
Cadd9 G D G
She comes round and she goes down on me And I make her smile, like a drug
Cadd9
for you
G D G
Do ever what you wanna do, coming over you Keep on smiling, what we go through
Cadd9
One stop to the rhythm that divides you

[Pre-Chorus]
G D G Cadd9
And I speak to you like the chorus to the verse
G D G
Chop another line like a coda with a curse Come on like a freak show takes
Cadd9
the stage
We give them the games we play, she said...

[Chorus]
G D G Cadd9
I want something else to get me through this
G D G Cadd9
Semicharmed kinda life, baby, baby
G D G Cadd9 G D G Cadd9
I want something else, I'm not listening when you say good_bye__

[Interlude]
G D G
Doo doo doo, doo doodoo doo
Cadd9
Doo doo doo, doo doodoo doo
G D G
Doo doo doo, doo doodoo doo
Cadd9
Doo doo doo
G
The sky it was gold, it was rose

[Verse 2]
D G Cadd9
I was taking sips of it through my nose
G D
And I wish I could get back there, someplace back there Smiling in the pictures you would take
G
Cadd9
Doing crystal meth, will lift you up until you break
G D G
It won't stop, I won't come down I keep stock
Cadd9
with a ticktock rhythm, a bump for the drop
G D G
And then I bumped up, I took the hit that I was given
Cadd9
Then I bumped again, then I bumped again
I said...

[Pre-Chorus]
D G Cadd9 D G Cadd9
How do I get back there to the place where I fell asleep inside you

```
D            G Cadd9            D
How do I get myself back to the place where you said...

[Chorus]
G      D        G    Cadd9
I want something else     to get me through this
G D              G       Cadd9
  Semicharmed kinda life,     baby, baby
G      D        G     Cadd9                          G   D    G Cadd9
I want something else,     I'm not listening when you say good_bye__

[Bridge]
G                 D                    Cadd9
 I believe in the sand beneath my toes
                                        G            D
The beach gives a feeling, an earthy feeling I believe
                       Cadd9
in the faith that grows
                                  G      D G
And the four right chords can make me cry
Cadd9                                  G                    D     G
When I'm with you I feel like I could die And that would be alright,
Cadd9
     alright

[Verse 4]
             D                 G    Cadd9
And when the plane came in, she said     she was crashing
D          G   Cadd9                       D            G      Cadd9
 The velvet it rips in the city, we tripped on the urge to feel     alive
    G
But now I'm struggling to survive,
      D                    G    Cadd9
Those days you were wearing that velvet dress
D                    G  Cadd9
You're the priestess, I must confess
      D                  G    Cadd9
Those little red panties they pass the test
      G                                          G
Slide up around the belly, face down on the mattress one

[Verse 5]
And you hold me, and we are broken
Still it's all that I wanna do, just a little now
G            D           G         Cadd9
Feel myself, heading off the ground
                                G D   G
I'm scared, I'm not coming down   No,
  Cadd9
no
                      G    D G
And I won't run for my life
```

```
Cadd9                                          G                 D     G
She's got her jaws now locked down in a smile But nothing is alright,
Cadd9
     alright

[Break]
    G                   C          G           C
And I want something else to get me through this life
      G     D              C
Baby, I want something else
              G           D
Not listening when you say

[Bridge]
    C   G/B Am    C   G/B Am    C   G/B Am    G  D Cadd9 G
Goodbye,      goodbye,      goodbye,      goodbye

[Chorus]
D Cadd9 G           D
        Doo doo doo, doo doodoo doo
Cadd9                       G
Doo  doo doo, doo doodoo doo
            D
Doo doo doo, doo doodoo doo
Cadd9                     G
     The sky it was gold, it was rose

[Outro]
  D                                Cadd9
I was taking sips of it through my nose And I wish I could get back there
         G
Someplace
               D                    Cadd9
back there, in the place we used to start
G D Cadd9 G      D          Cadd9 C G/B Am
           I want something else
```
